

Pastel Painting Class

In this class you will learn how to build your underpainting so that you can have a successful finished pastel painting. We will do Notans and value studies of your subject matter. We will focus on light and shadow and the importance of values. You will also learn other tricks that will make your pastels sing.

This is an *open forum class structure with classes the 3rd Wednesday of every month from 1:00 to 4:00. I will send an email out a week before our class dates to confirm participation on that particular date. We welcome beginners to intermediate Pastelists 18 years or older. Class is restricted to a maximum of 10 students.

Artists will be required to work from their own photos unless the instructor provides materials to use. A materials list will be provided upon request. Sometimes the instructor will receive promotional or donated items that she will share with the class.

About the instructor: Deborah Pepin works in oils, cold wax and oils, inks, acrylics and of course Pastels. She found a passion for this lovely medium in 2016. Deborah is a landscape artist and uses her pastels to create those visual memories of those places that she loves. Her work has been accepted in national shows as well as some international shows.

Classes are \$49.00 per lesson due and payable on class days.
